

Advantages of a Metal Roof

Appearance:

- Emulates any roof style (Asphalt, Terra cotta, Slate...etc)
- Available in a variety of colors and patterns

Durability:

- Highest resistance ratings for:
 - Fire (Fireproof)
 - Wind, Rain, Hail and Snow
 - Heat and frost
- Doesn't rot, crack, warp or peel or rust.
- **50 year warranty standard**

Long-Term Benefits:

- Ultra-low maintenance
- Lightweight—Important during the Midwest winters
- Increases home/building value
- Can decrease insurance premiums up to 10% (check with your insurance company for availability and details)
- Environmentally friendly—Made from up to 50% recycled materials
- Energy efficient—can reduce heating and cooling costs
